

## **Project Manager Stoke**

### **Our Company**

Network Plus is a leading utility and infrastructure service provider, operating across the UK.

Originally established in 2000, the company has grown significantly through the award of long-term contract frameworks with major utility organisations and infrastructure providers. With a current workforce of over 2,000, our services are delivered through an absolute focus on health and safety as well as market leading levels of service to both our clients and their customers.

Our Headquarters are based in Salford, near Manchester, and we operate from over 21 regional depot bases. We deliver services 24/7/365 in city centres as well as rural locations.

Our vision is to be the best service provider in the UK utilities and infrastructure sectors by safely constructing, maintaining and managing essential services at the lowest sustainable cost.

### **Our role**

As a Project Manager, you will be responsible for the operational and financial performance of the WPD contract; delivering the work safely, on time, in budget and to our Client's expectations.

### **Key responsibilities**

You will ensure all work within the contract under your control are carried out in full compliance with health, safety, welfare and environmental regulations, while working to maximize the profitability of the contract and ensuring satisfaction of contractual requirements

You will ensure compliance with WPD authorisation requirements and specifications, with the company standards of service and quality systems

You will control documentation, working closely with the back-office support team

You will ensure that the health and safety competence of sub-contract organisation and direct labour are assessed prior to commencing work

You will assess the risk associated with our operations and ensure that the correct site-specific method statements and risk assessments are compiled in advance of works

You will have a keen eye on the commercials of the contract, making sure we can deliver for our clients and maintain profitability

You will manage all resources e.g. labour, materials and plant

You will take pride in our delivery, and make repeat business a measure of success

You will manage and motivate a team, delegating where appropriate, but leading by example

You will have an ordered approach to the development of the people in your area

You will demand safety and competence, including training requirements, and push for improvement in all teams

You will be professional and be a brand ambassador for the Company

You will lead team briefings with all teams on a monthly basis and ensure two-way feedback

### **Qualifications/Skills Required**

Health & Safety qualification an advantage

Relevant qualifications and authorisations

Experience of working in Utilities

Electrical knowledge and experience

Supervisor Street works qualification

Deep Excavation knowledge and experience
