

## **I&C Governor Technician**

### **Our Company**

Network Plus is a leading utility and infrastructure service provider, operating across the UK.

Originally established in 2000, the company has grown significantly through the award of long-term contract frameworks with major utility organisations and infrastructure providers. With a current workforce of over 2,000, our services are delivered through an absolute focus on health and safety as well as market leading levels of service to both our clients and their customers.

Our Headquarters are based in Salford, near Manchester, and we operate from over 20 regional depot bases. We deliver services 24/7/365 in city centres as well as rural locations.

Our vision is to be the best service provider in the UK utilities and infrastructure sectors by safely constructing, maintaining and managing essential services at the lowest sustainable cost.

### **Our role**

As an I&C Governor Technician, using your technical expertise, you will deliver a first-class service to our customers with safety being paramount. You will work within a regional team of engineers, working either alone or with a mate. You may be required to work away from home, staying away overnight on an occasional basis and you will be part of a regular standby rota. It is essential you have a full UK driving license.

### **Key responsibilities**

You will be working on LP/MP and ideally IP pressure tiers

You will be experienced in working on metering and gas governor installations

You will engineer solutions on site and focus on first time fix

You will be able to carry out PSSR inspections, functional checks, full maintenance and safety device inspection, as well as installation work

You will possess a good level of commercial awareness and understand the most cost-effective solution of working as a mobile engineer

You will enjoy working autonomously, focused on delivering a first-class service with a professional manner at all times

## **Experience and Qualifications**

Must be Gas Safe Registered

Good IT skills

Apprenticeship, or similar qualification, with recognised mechanical engineering, a minimum Level 3 NVQ or Governor Craftsman qualification

CMET 1 & CMET 2, MET4, REG1, REG 2 & VS02

CODNCO1, TPCP1, CCN1, CESP1, CMA1 or equivalent

## **Salary and Benefits**

We offer a competitive salary based on experience along with a full benefits package.

Network Plus is proud to be an Equal Opportunity Employer. We celebrate diversity and do not discriminate based on race, religion, colour, nationality, sex, sexual orientation, age, veteran status, disability status, or any other applicable characteristics protected by law.

We are Armed Forces-friendly. We welcome applications from ex-Armed Forces personnel, reservists, armed forces veterans, cadet instructors and military spouses/partners.

We understand that privacy and the security of your personal information is extremely important. By applying for this role, you agree to the terms of our privacy policy which you can find here - <https://networkplus.co.uk/privacy-and-cookie-policy>.
