

Customer Solutions Plus

Operations Planner - Civils Derby

About Customer Solutions Plus

Customer Solutions Plus is a joint venture between two of the UK's leading utility and infrastructure organisations; Network Plus and Sapphire Utility Solutions.

The joint venture has been established to provide end to end wastewater services for our client, Severn Trent. Customer Solutions Plus are responsible for activities including initial planning and scheduling of work, delivery of actions to assist customers who have a wastewater issue through to preventative maintenance to ensure wastewater issues do not arise in the future.

Our role

As an operational planner for our civils activities, you will be responsible for effectively planning and coordinating the work of Customer Solutions Plus through communication with internal and external customers. You will use corporate systems provided by Severn Trent to plan and schedule work including SAP. Civils activities include carrying out excavations in the public footpath in order to access sewers and wastewater assets which may be causing issues for customers. Often the planning and scheduling role includes planning the work of the team conducting the civils activity as well as aspects such as traffic management, noticing and arranging suitable equipment.

Location

Raynesway, Derby.

A brand new central customer centre has been established within the Severn Trent regional premises at Raynesway, Derby. The role therefore involves working alongside our client, Severn Trent and working as one team. A shared kitchen / breakout area has been set up with canteen facilities available post COVID-19. The location has an on-site restaurant and coffee shop and good transport links.

Key Responsibilities

- Produce safe dig prints for all excavation crews on the contract
- Highlight any zone of interest found using the correct H&S process
- Manage the safe digs request inbox
- Run contract reports for the scheduling teams

- You will maintain timely and accurate input and uploading of information into the works management systems, ensuring that all issues are recorded and escalated
- You will ensure that all the client and operational requirements are met in a professional and efficient manner
- You will ensure the highest level of customer service is achieved to both external and internal customers, providing excellent customer satisfaction every time
- You will provide a positive and innovative input into the team, through provision of solutions to problems and embracing change
- You will ensure that safety issues are reported in line with Company procedures

Salary and Benefits

Salary: A competitive salary based on experience will be paid along with a full benefits package.

Employer: The role will be allocated to Network Plus in terms of employing entity.

Hours: Working on a shift pattern between the hours of 07:00-19:00

Standby shifts required to cover between the hours of 19:00-07:00, weekends and bank holidays.
